

WANT EIGHT HOURS TO BE A DAYS' WORK

FEDERATION OF LABOR ADVISES THE REPORT.

Demands of Trades Unions for Shorter Hours Are Cordially Approved—Arbitration Bill to Be Reported Favorably—Telegraphers Uneasy and May All Quit.

Indianapolis, Ind., March 26.—The executive council of the American Federation of Labor adjourned Wednesday afternoon. It was given out that the headquarters will be moved at the close of the present year to some other city, probably Chicago. The following committee report of the eight-hour day question was unanimously adopted, and given out as the sentiment of the council:

"At this hour, when myriads of workers are seeking employment, and in their despair numbers of them are captivated by the seductive theories and glimmering promises of securing state help, we, the American Federation of Labor, reaffirm the necessity of concentrating all the forces of the practical labor movement by the voluntary and collective efforts of the trade unions, backed by sympathetic public opinion.

"The general and constant introduction of machinery, the minute subdivisions of labor, the irregularities of employment, the hopeless wall of the unemployed, all demand an equalization that will come from the general adoption of the eight-hour day period. All other isms and economical theories within our ranks should be subordinate to the great task of giving work to the unemployed and bettering the wages and conditions of all who toil. The realization of the eight-hour day means better food and raiment, happier homes, better citizens, nobler manhood and higher civilization.

"As we approach the question we recognize the need for a more thorough and complete organization of every craft and occupation on trade-union lines before we can undertake a general or simultaneous stand for the eight-hour day.

"To insure continued and successful efforts by the working people in this direction the president and secretary of the American Federation of Labor are hereby directed to issue an address to the wage-workers of the country, urging them to join the trades union movement with a view of securing all possible advantages resulting from organization, and especially to put in operation the eight-hour working day as soon as business will justify such action without injury to the public.

"That the aforesaid officers notify the executive officers of all unions affiliated with the American Federation of Labor of such action and seek their cooperation and assistance and request them to correspond with employers to the end of securing an expression of opinion on the voluntary concession of the eight-hour working day, and that all unions whose members now work more than eight hours a day be requested to select committees to wait upon the employers with the same object in view.

"Further, that the press, pulpit, public speakers and reformers generally be urged to make the need for the eight-hour work day a theme of concerted and persistent discussion. We hail the decision of the Bricklayers' and Stonemasons' International union to adopt the eight-hour work day in their trades as a hopeful sign of the irresistible movement for the establishment of the eight-hour work day."

The council, just before it adjourned, unanimously approved the action of the officers of the federation in asking unions to declare for the free coinage of silver at a ratio of 16 to 1. Every union affiliating with the federation within the next two weeks will receive instructions to indorse the movement for free silver. The only question before the council was whether this action would be construed as a political movement. It was decided that such construction could not be put upon it.

President Gompers believes the action will have a powerful effect in the east, where the federation is strongest and where the gold-standard idea is most prevalent.

ARBITRATION BILL.

Committee on Labor Decides to Report It to the House.

Washington, March 26.—The house committee on labor decided to report favorably the bill introduced by Representative Erdman in relation to arbitration between carriers engaged in the interstate commerce and their employees. The measure has been advocated by a number of labor organizations. It provides that the chairman of the interstate commerce commission and the commissioner of labor shall act as arbitrators in all disputes between capital and labor. Upon the failure of their efforts a board of three arbitrators is provided, one to be chosen by the employer, the second by the labor organization interested and the other to be selected by the other two. The interstate commerce and labor commissioners are authorized to designate the third arbitrator in case the other two fail to agree. The decision of this board, when filed in a United States Circuit court, shall be final against both parties unless set aside for error of law appear-

ent on the records. The bill provides further that the decision of the arbitrators shall bind the parties concerned for one year.

Telegraph Operators Uneasy.

Philadelphia, March 26.—The Western Union telegraph operators in this city are agitating a general strike which, it is said, is to extend over the whole country. The company is superseding its union employees with non-union people. The former claim that it is only a move in the direction of lower wages, hence they are in readiness to desert their instruments at a moment's notice. The introduction of non-union telegraphers, it is said, is going on in all the leading cities.

AGAINST FREE SILVER.

South Dakota Republicans Declare for McKinley and Gold.

Huron, S. D., March 26.—The republican state convention declared against free silver and instructed the delegates to work for the nomination of McKinley at St. Louis. The convention re-assembled at 5 o'clock after a recess of two hours, and William Gardner of Rapid City was elected permanent chairman. The resolutions adopted declared for a protective tariff, reaffirmed the Minneapolis financial plank until the St. Louis convention adopts a later statement and instructed the delegates to the St. Louis convention to use every legitimate and honorable means to secure the nomination of William McKinley.

The election of delegates by judicial districts resulted as follows: L. B. French of Yankton, R. F. Pettigrew of Minnehaha, C. G. Sherwood of Clark, D. A. Mizner of Davison, Dave Williams of Day, H. G. Meacham of Potter, W. V. Lucas of Fall River, and W. E. Smead of Lawrence.

Previous to choosing delegates a resolution was adopted requiring all nominees to go upon the floor and declare for McKinley and sound money, and not only vote, but to work to accomplish this end. This was a setback for Senator Pettigrew. While the convention had the strength and the power to prevent Pettigrew from going to the national convention, it was deemed advisable as an act of courtesy to permit him to go. The senator stood in the center of the convention hall when called upon to state his position, and declared that he would bow to the will of the majority; that while he had followed a course which the future seemed to justify he was willing now to go to St. Louis and comply with the wishes of the state convention by voting for McKinley and "sound money."

LEADERS GIVE VIEWS.

Many Prominent A. P. A. Men Attend the Conference at Washington.

Washington, March 26.—The advisory board of the A. P. A. was in session here practically all Wednesday. Judge Stevens of Missouri presided. Dr. J. B. Dunn of Boston was secretary, and among the other members were: H. A. Thompson of Missouri; J. B. Colt of New York; Gen. L. A. Sheldon of California; Col. Crosby of Baltimore and J. W. Ford of New York. Many prominent members of the supreme councils of state councils are in the city. C. T. Beaty of Chicago, supreme secretary of the supreme council; C. P. Johnson, state president of Illinois, and W. J. H. Traynor, supreme president of Michigan, are here to appear before the board and present their political views. Unusual precautions were taken to insure secrecy.

Conventions in Illinois.

Princeton, Ill., March 26.—The republican primaries of Putnam county were held Wednesday. In several townships McKinley men made an active canvass and in most instances succeeded in electing their delegates. The county convention will be held to-day and an effort will be made to instruct for McKinley and Hopkins.

Springfield, Ill., March 26.—The prohibitionists of Sangamon county held their county convention and selected delegates to the state convention and also nominated a county ticket. An attempt to commit the convention to free silver was defeated. The convention resolved that the liquor question was the dominant issue in American politics and condemned all efforts to divide the party on other issues.

Ramsey, Ill., March 26.—The Carson township republicans Wednesday indorsed William Fogler for state senator, Tanner for governor, and McKinley for president.

Krueger Will Not Visit England.

London, March 26.—A Pretoria dispatch to the Times says it is rumored there that the situation is serious. This dispatch also says: "President Krueger will not go to England. Mr. Chamberlain has requested an immediate reply to his former note of invitation, and President Krueger has asked for an extension of time for an answer. Boer feeling is running high against the reform leaders, whose position will be critical in the event of further friction."

Wants a Mint in Chicago.

Washington, March 26.—Representative Hopkins is pressing his bill for the establishment of a mint at Chicago in the committee on coinage, weights and measures, to which it was referred, and is trying to persuade the committee on appropriations to include a provision in the sundry civil bill for the purchase of a site, leaving the appropriation for the building until the next congress.

MONEY FOR A NAVY WAS THEIR THEME

THE BILL CONSIDERED IN THE HOUSE.

Rapid Progress Made in Committee of the Whole—Resolutions in the Senate for Adjournment May 2—Conference on Cuban Resolutions—Washington News.

Washington, March 26.—The house on Wednesday took up the naval appropriation bill and, despite several diverting incidents, made such rapid progress with it that when the adjournment was reached all the paragraphs had been passed save those relating to the increase of the navy. The bill carries \$31,611,034—\$2,468,438 more than the current law—and authorizes four new battleships and fifteen torpedo boats, the cost of which complete will be almost \$35,000,000. Not a single amendment was adopted, although there was an effort to provide for a new dry dock at the League Island yard.

There was a dash of excitement in the opening proceedings. Mr. Bartlett (dem., N. Y.) and Mr. Boutelle (rep., Me.) demanded changes made in the Congressional Record, claiming to have been misquoted. The changes were made.

Mr. Cannon (rep., Ill.) antagonized the provision in the naval appropriation bill for the erection of residences on the grounds of the naval observatory. Those buildings, he said, were occupied by favorite naval officers, who were nominally in charge of astronomical observations but who practically knew no more about astronomy than the average member of congress.

Mr. Boutelle protested indignantly against Mr. Cannon's interference with the work of the naval committee. He paid a high tribute to the attainments of naval officers. In the American navy, he said, there had been some of the brightest minds in the scientific world.

Mr. Robinson (Pa.), who was educated at Annapolis and who served eleven years as an officer of the navy, defended the attainments of these naval officers.

ADJOURNMENT MAY 2.

Resolutions Offered by Mr. Platt in the Senate.

Washington, March 26.—Senator Platt has introduced a resolution in the senate for the adjournment of congress May 2. The resolution was referred to the committee on appropriations and the senate turned to the consideration of the legislative appropriation bill. Senator Sherman presented a favorable report on the resolution authorizing ex-President Benjamin Harrison to accept decorations conferred on him by Brazil and Spain while he was President, and asked immediate action, but Senator Allen objected.

Senator Gallinger proposed an amendment to the constitution, to be known as article 16, providing that neither congress nor any state shall pass any law respecting an establishment of religion or prohibiting the free exercise thereof, or use the credit of the United States or any state or any money raised by taxation for the purpose of founding, maintaining or aiding any church, religious denomination or religious society, or any institution, society or any undertaking which is wholly or in part under sectarian or ecclesiastical control.

During the day Mr. Gallinger (N. H.) proposed an amendment prohibiting the United States or any state from giving any recognition or financial aid to any church or religious organization.

Most of the day was spent on the legislative appropriation bill, which is not yet completed. The paragraphs substituting salaries for fees for United States district attorneys and marshals were agreed to after a lengthy discussion.

CUBAN RESOLUTIONS.

Probability that the Conferees Will Favor the Senate.

Washington, March 26.—The conferees of the two houses of congress on the Cuban resolutions held another meeting, but again adjourned without reaching a conclusion. They, however, went far enough to justify a belief that another session, which will be held to-day, will be sufficient to conclude the conference. The indications favor the recession of the house from its position and the acceptance of the resolutions as they passed the senate. In case the senate resolutions are accepted by the conference the question will again be thrown into the house and in all probability more debate may be had in that body when the conferees make their report and several members are preparing speeches in anticipation of the opportunity. Cuba's most ardent partisans on the foreign affairs committee think that the matter of words is of much smaller importance than that congress should present a solid front to other nations in the matter.

Hawaiian Cable Matter.

Washington, March 26.—The senate committee on foreign relations briefly considered the Hawaiian cable question Wednesday, but deferred action until next Wednesday, when the committee will make an effort to dispose of the matter. A bill has been drafted by the committee embodying what are believed to be the best features of the Smiser Spaulding bills.

FRANCE MAKES A FORMAL DEMAND OF GREAT BRITAIN.

She Will Not Sanction Use of Egyptian Reserve Fund Unless Pledge is Given—Turkey Appeals to the Powers to Intervene in Egypt.

Paris, March 26.—A semi-official note was issued Wednesday stating that France will refuse to sanction the use of the Egyptian reserve fund for the purpose of the British-Egyptian expedition up the Nile to Dongola unless she receives precise pledges concerning the British evacuation of Egypt.

London, March 26.—A cabinet council was held Wednesday, the exchange of views being devoted to the discussion of the British-Egyptian expedition up the Nile. The commander-in-chief, Lord Wolseley, was present.

APPEAL FROM TURKEY.

Asks Intervention of European Powers in Egypt.

Constantinople, March 26.—As a result of the extraordinary cabinet council, which lasted throughout Saturday, the Turkish government has issued an appeal, addressed to France and Russia, asking them to intervene with the object of regulating the affairs of Egypt. Germany, it is added, was also requested by the porte to exercise her good offices in this sense. Instructions were also dispatched to the Turkish ambassador at London to make representations to the marquis of Salisbury, but their tenor is not known.

In diplomatic circles it is believed that the steps taken by the porte to protest against the expedition to Dongola will not have more than a moral effect, and, though it is admitted that France and Russia will refuse their consent to the use of the Egyptian reserve fund, it is generally understood that nothing short of the armed interference of those two nations will prevent Great Britain from pushing the Sudan campaign. [While it is known that no great enthusiasm exists in Great Britain over the prospects of another bloody and expensive campaign in the Sudan, the appeal of Turkey to the recognized enemies of Great Britain for intervention may arouse the war spirit of the British isles, and so the sultan may play into the hands of the British statesmen while aiming to do the reverse. It is true, it is argued, that there are only about 5,000 purely British troops in Egypt, but this number could be promptly largely increased by drafts from India and Great Britain, and the task of "driving" the British out of Egypt, as suggested by the more fiery of the French newspapers, might be more difficult than calculated upon by them.]

No Hope for Higher Wages.

Danville, Ill., March 26.—President O'Connor, of the Illinois miners, and President Purcell, of Indiana miners, arrived here Wednesday and held a conference with President Kelley, of the Kelleyville Coal company, and the superintendent of the Consolidated Coal company, in reference to a raise in wages. Mr. Kelley informed them wages were more likely to drop. Messrs. O'Connor and Purcell will probably remain here for two weeks and will form a complete organization of all the miners in this locality.

Work of the Iowa Legislature.

Des Moines, Iowa, March 26.—Two bills reorganizing some of the judicial districts passed the senate Wednesday. The senate had its first tilt on liquor manufacture. The subject was made a special order for next Tuesday. Senator Eaton casting the only negative vote. The house held a short session, adopting the substitute building and loan bill which the senate had already adopted.

North Dakota's Preference.

Devil's Lake, N. D., March 26.—Senator Hansbrough was asked yesterday for his opinion concerning the political situation in North Dakota in view of the withdrawal of Senator Davis. He said: "The sentiment in this state is decidedly in favor of Major McKinley. Allison has many friends, but the convention will be for McKinley."

Brigadier-General Casey Dead.

Washington, March 26.—Brigadier-General Thomas Lincoln Casey, retired, the man who built the great Washington monument, was taken ill Wednesday in the congressional library. He was removed to his home, where he suddenly expired in the afternoon.

Sensational Story Is Published at Washington.

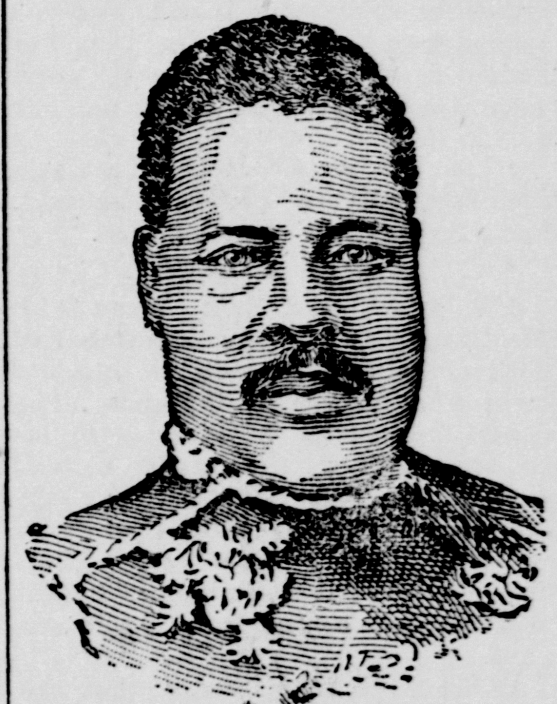

Washington, March 26.—The Washington Post of today claims on good authority that Tom Platt, of New York, made an offer to Mark Hann, of Cleveland, McKinley's campaign manager, to vote New York's delegates for the Ohio man in exchange for a cabinet position. The announcement caused a sensation.

HIPPOLYTE REPORTED DEAD.

Rumor Reaches Paris but Is Not Officially Confirmed.

Paris, March 26.—The Haytian bank has received news that President Hippolyte had died of apoplexy. The Haytian legation has no news on the subject.

Hippolyte first came into public notice in 1888, when Gen. Salomon, who was president of the island of Hayti, was overthrown, and Gen. Manigat and Senator Legitime returned from exile.

PRESIDENT HIPPOLYTE.

As candidates for the presidency of the island. Legitime was chosen provincial executive chief, and almost his first official act was to again banish Manigat. A war followed, which lasted ten months. It was strengthened by resources supplied by American merchants, and aided by the decision of the United States, which refused, unlike the French and English governments, to recognize the paper blockade proclaimed by Legitime.

In December, 1890, Gen. Hippolyte proclaimed a general amnesty for all political offenders, and since that time the internal affairs of the country have been going along very smoothly. His term of office would have expired this year.

M'KINLEY LOSES TEXAS.

Reed-Allison Combination Too Strong to Overcome in the Convention.

Austin, Tex., March 26.—The state republican convention did practically nothing Wednesday in the matter of selecting delegates to the St. Louis convention at the daylight session. It was 1 o'clock before the convention was called to order. This delay was the result of Cuneo, the Allison temporary chairman, sickening with the Reed men about his committees. The Reed forces demanded of Cuneo a full representation on committees for their support in electing him temporary chairman. They have every one of the committees as a result, and the chairman of each is a Reed man. As soon as the committees were announced the convention adjourned until 6 p. m. The convention adjourned at night at 8 o'clock until 10 this morning, to await the credentials committee's report. This committee is counting the McKinley men out and Reed or Allison men in. The convention has now been called to order for two days, and has as yet done nothing.

Want Matthews to Speak Out.

Indianapolis, Ind., March 26.—The "sound-money" democrats of this state are beginning to insist that Gov. Matthews shall make a specific declaration as to his position on the money question. There is an understanding that the governor shall name the men to represent the party of the state in the convention, and recently the "sound-money" democrats have had reason to believe that the governor is thinking of putting too many free-silver men on the delegation. They threaten to undo the agreement if the governor begins to recognize the free-silver people.

Great Britain Anxious to Arbitrate.

London, March 26.—At the banquet of the associated chambers of commerce Charles Ritchie, president of the board of trade, in his address dwelt upon the feeling here antagonistic to a conflict with the United States in the present difficulty. The government had said that it would be glad to found a permanent board of arbitration between Great Britain and the United States. The American government, he continued, was now considering proposals emanating from Lord Salisbury, which it was hoped would result in the establishment of a system by which arbitration would be possible in all cases.

Pickling Company Lose \$9,000—Big Dog Causes a \$3,000 Fire at Stevens Point—House at Cedar Grove Destroyed—Justice Newman Much Better.

Appleton, Wis., March 26.—[Special.]—The plant of the Appleton Pickle and Preserving Company at Appleton Junction, was destroyed by fire this morning. It was just outside the city limits and water works could be of no service. The loss on the plant and stock is \$9,000 with \$3,000 insurance. It will be rebuilt.

Stevens Point, March 26.—[Special.]—The residence of Frank Wheelock, situated a short distance east of the city was burned to the ground today. The fire was caused by a large Newfoundland dog, which had been left in the kitchen, tipping over a lamp used for heating an egg incubator. The loss is \$3,000.

Cedar Grove, Wis., March 26.—[Special.]—The residence of James Lamb, located three miles west of Cedar Grove, was totally destroyed by fire last night. The loss is \$2,500.

Justice Newman Improving.

ENVOYS REACH MANITOBA.
Will Try to Effect a Compromise on the School Question.

Winnipeg, Man., March 26.—Sir Donald Smith, Mr. Dickey, dominion minister of justice, and Mr. Desjardines, dominion minister of militia, the three commissioners appointed by Lord Aberdeen, Canada's governor-general, to hold a conference with the Manitoba government in an effort to settle the Roman Catholic parochial school question, reached Winnipeg last evening. They all expressed the earnest hope that they may be able to bring to an end the strife between the creeds which now threatens the peace and prosperity of Canada. They declare they come in conciliatory spirit, and hope to be met in a similar spirit. Contrary to expectation, Premier Greenway did not come to town from his country home to meet the dominion peace envoys. Those who are eager to bring the school battle to a close are not encouraged by this conduct of the premier. It is rumored that Archbishop Langevin has received an important communication from the pope, which may materially affect the archbishop's attitude at the conference.

Indiana Methodists in Session.

Richmond, Ind., March 26.—Wednesday morning there convened at the First Methodist Episcopal church here the fifty-third annual session of the North Indiana conference of the Methodist Episcopal church, between 400 and 500 visitors being present. Resolutions were adopted as follows: Providing for a more rigid examination of new members in order to keep down the superannuate list and increase the general qualifications to meet an increased demand for better ministerial and pastoral work; requesting the bishop not to admit any new members by transfer from other conferences, but to give every opportunity for work to the graduates of the theological department of DePaul university; providing for investigation of the tobacco habit among the ministers, in which connection it was charged that some of them were violating their obligations in this regard. The Epworth League reported substantial growth and a total membership of over 22,000.

Minnesota Republican League.

St. Paul, Minn., March 26.—Most of Wednesday morning was spent by the delegates to the Republican State League convention in district meetings for the selection of representatives to the National League convention at Milwaukee, and committee members. As candidate for president, D. W. Bruckhart of St. Cloud, and Eli S. Warner of St. Paul, were presented. The vote resulted: Warner, 685; Bruckhart, 330. But before it had been formally announced a motion to make the election of Warner unanimous was carried. President Warner spoke briefly. C. L. Smith of Minneapolis was chosen secretary by acclamation. Delegates at large to the national convention were chosen, and the convention then adjourned.

Burned an American Flag.

The "patriots," however, were dispersed by the police before reaching the consulate.

TO BUY THE PLANT OR BUILD A NEW ONE

COUNCIL VOTES TO HIRE TWO EXPERTS.

Report of the Water Works Committee
—Aldermen Burnham, Winslow and Inman Make Pungent Speeches—
The City Threatened With a Law Suit Over Sewerage System.

The council last evening: Voted to settle the suit against the Water Company and buy the water works under the charter, if possible, at a reasonable price. To have an expert accountant and a civil engineer to help the committee investigate. To build works in case the present system could not be so bought.

Heard City Attorney McElroy's statement that the city would probably be confronted by a damage suit if sewers were built according to the present plan.

Last night's session was a hot one. All the Aldermen were present except Alderman Sterns. Immediately after roll call, Mayor Baines said that the water works committee would submit a report, which he considered a step in the right direction and he asked the co-operation of the council. The report was then read by Alderman Heddles, it being as follows:

The special committee having in charge the water works matter of the city, make a further report.

There seems to be an impression on the part of many people that the city of Janesville has no remedy against the Water Company. We desire to correct that impression, as the city still has a case in court pending against the Water Company, in which the city can obtain certain of its rights. Among other things it can be determined in that action the cost of the works. We are satisfied that the great majority of the people of the city of Janesville believe that the city should own its own works, and that if we cannot buy the present system the city should build works of its own. We believe in paying for the works which are at present in the city of Janesville, a fair and reasonable price. During the past week this committee has held two meetings with the mayor of the city, and discussed the water works matter. The mayor and chairman of this committee requested of the Water Company a statement showing the cost of the works, the income, expenses, etc., in order to add the city in arriving at an amicable adjustment, if possible, with the company. The Water Company furnished to the mayor a statement of their claims as to the cost of the works, the extensions, the income and expenses. That statement is hereto attached and made a part of the report. After receiving this statement the mayor and committee held another meeting at which it was determined to attempt to arrive at a settlement of this matter with the Water Company upon an amicable basis if possible. We recommend that the mayor and committee be empowered to employ a civil engineer to furnish to the city as accurate an estimate of what the water works, with extensions, should have cost, as is possible, and that the mayor and committee be empowered, if they deem it necessary, to employ an expert accountant to examine the figures with reference to the cost, expenses and earnings of said works for the purpose of making a report thereon to the city. We feel that the city should not abate in the slightest degree its efforts towards becoming the owner of a water works system in this city. This question, in our judgment, is the most important one to the people of the city that has ever been presented. The city's annual expense for water is increasing and bound to increase, and now that this matter is before the people, it should be settled for all time.

Respectfully submitted,
S. B. HEDDLES,
E. SMITH,
ORION SUTHERLAND.

Statement of the Cost.

Alderman Heddles also read the following, it being annexed to the above: The following statement is made at the request of the mayor of the city of Janesville, as a basis for an amicable adjustment of matters between the city of Janesville and the Janesville Water Company, and for the purpose of arriving at an amicable purchase price if possible: Original cost of plant and extensions paid for up to August, 1888.....\$162,864 95
Nov. 1888, extensions.....19,000 00
Nov. 1890, extensions.....2,600 00
Nov. 1892, extensions.....819 72
Nov. 1893, extensions.....7,210 44
Nov. 1894, extensions.....4,200 22
Nov. 1895, extensions.....11,406 42
Gross Income.....\$13,802 10
1888-9.....\$13,802 10
1890.....11,292 40
1891.....14,420 27
1892.....17,444 27
1893.....19,248 64
1894.....22,870 72
1895.....24,344 27
Bonded indebtedness.....\$173,000 00

Attorney for Janesville Water Company.
Lively Debate Followed.

Alderman Heddles then moved the adoption of the report.

Alderman Burnham asked that it be read again and Clerk Badger read it.

When Alderman Winslow asked for the city attorney's opinion and Mr. McElroy recommended its adoption.

Alderman Inman asked if it would not be rather expensive to employ an engineer and an accountant and carry on a law suit at the same time.

Alderman Heddles said the committee were seeking to avoid suits and City Attorney McElroy stated that the adoption of the report meant the doing away with litigation.

"Are the attorneys still in the pay of the city?" asked Alderman Burnham and Mayor Baines stated that he believed they were only to be paid while they were at work.

Alderman Inman suggested the insertion of a clause in the report, terminating the suit.

City Attorney McElroy thought the suggestion was under the

adoption of the report, the litigation would stand as it was.

Ald. Smith said that the idea was for the city to determine the cost for itself. The city now has only the statements of the company. An engineer and accountant could tell something about it, and know if the company's statement is a true one.

Burnham Was Glad.

Alderman Burnham then arose. "I am glad to see the other aldermen get around to the position where I stood last summer," he said, "when my idea was voted down." And in closing he seconded Alderman Inman's idea.

Ald. Winslow suggested that the matter be submitted to the people.

"Let the whole people decide instead of ten men," he stated, "and I want to ask the committee if they have a price named by the water company at which the city can buy?"

Alderman Smith said that was not what they were after. The city wanted to know the cost, and had elected the council to do the business. When the city knew whether or not the statement was correct, was time enough to vote on the matter. He was surprised at the action of the aldermen, and thought there should be no opposition to the report.

Alderman Winslow said he favored city ownership and always had, but the committee had taken the lawyer's word for everything, and had not looked into the books as they had been ordered to do. The way some people had talked was a shame and a disgrace.

"I am not representing the water company, but the people," he said. "and I say let the people decide."

Ald. Smith Denies.

Ald. Smith said that when Ald. Winslow said that the committee had not looked into the books he did not know what he was talking about. The committee had performed its duties and the members had made no disgraceful remarks. It had met the water works company and was now working amicably with that corporation. The company had come forward like gentlemen and made a statement.

Alderman Heddles stated that the clerical work of the statement was correct and that the papers on file corresponded with the figures. On behalf of the city's attorneys he stated that all the work done had been in the city's interest while certain aldermen had been against the committee all time.

Alderman Burnham said he had proposed a plan last summer, that would have settled the matter without litigation but the proposition was voted down. He said that he was against the methods adopted and not opposed to city ownership. He had favored city ownership when he was in the council before the works were built.

"And the supreme court backed me up in this matter," he continued. "Perhaps some of the aldermen have been corrupted, but I do not think that charge can be made against the supreme court. I favor a settlement and will vote for it."

He congratulated the committee on the wisdom of adopting the plan he had proposed months ago, "and welcomed them all into camp."

Ald. Winslow Speaks.

Ald. Winslow said the aldermen were now just where they were in 1894, when the suit was begun. They had got around to where they, like the supreme court, must tell him that he had been right.

"I have been asked how much the water company paid me," he continued, "and I will say that I got just what the supreme court did."

Mayor Baines stated that the cost of the works was \$208,000. There had been a deficiency with interest, amounting to \$32,000, so that the cost to the city for the works would be in the neighborhood of \$240,000. He thought the city ought to own the works if they had to pay \$300,000 for them.

Alderman Smith then took the floor.

"The committee was not composed of lawyers," he said. "The members saw the franchise, and noticed that it stated that the company must keep an accurate set of books, and if this was not done they forfeited their rights. They looked at it in that way. Here was a contract," he continued, "that had not been kept. They thought a contract would hold in court. They have decided the matter as cheaply as possible. The lawyers have done all they could. They have found that the contract didn't hold. Now we must ask the water company about it, and we want the assistance asked for because we are not lawyers."

Attorneys of the Same Mind.

"But you had attorneys didn't you?" Alderman Burnham inquired.

"Yes, and they thought as we did I hope we can settle the matter now."

Alderman Burnham favored hiring the accountant first. He could tell from the original invoices what material had been used and whether or not the figures corresponded, thus getting very close to what was right. If his report was not satisfactory then employ an engineer.

"But we must assume that the figures are right," said Mayor Baines.

Ald. Inman said he voted for the report, because, while it was not just what the city ought to get, it was the best that could be had. The committee was composed of honest business men, and with expert assistance he thought they could get at the matter.

He was just a little afraid, he continued, that one of the attorneys would be over zealous in the matter; that he was actuated somewhat by

HOT FIGHT IS ON AT ORFORDVILLE

LICENSE OR NO LICENSE IS THE ISSUE.

Both Sides To Have Hired Speakers to Spread the Word—Several Couples are Wedded—Temperance Meeting Planned—Milton's League Raise \$1,000—County News.

Orfordville, March 26.—A big fight is anticipated here on election day on the question of license and no license. Both parties are working hard to gain the day. It is rumored that both license and anti-license speakers have been engaged. Married—By Rev. J. Bergh, at the Lutheran parsonage, March 7, 1896, Hans Ravmum of Sumner, Washington, to Miss Marie Anderson of Beloit, Wis. On the 11th of March Mr. Olof Olmstead to Miss Theoline Fassen, both of Rock county. On the 11th of March, 1896, Mr. John Satrang to Miss Clara Olmstead, both of Rock county. All the parties are well acquainted around here and highly respected. Congratulations to them all. Rev. Bergh has already united six couples in the holy bonds of matrimony since the commencement of this year, and if it is kept up during the whole year the boys and girls will soon be a thing of the past. The rumor of another wedding is afloat, and by the next time The Gazette readers hear from us the wedding bells will have pealed out their merry chimes. Jac. Garbutt will soon move into the Walter Gary house which he has recently erected on his new lot purchased from H. C. Taylor. B. J. Taylor is digging a cellar for his new residence. Ole Trustene has quit clerking for G. C. Clemetson and gone on his farm again. Last Tuesday the Home Forum was duly organized and officers installed. Number of members installed that evening was twenty two. On Tuesday evening, March 31, Prof. R. B. Anderson from Madison will lecture in the hall. Subject, "The Norsemen Discovery of America." I understand an admission will be charged. This will be a rare treat for Orfordville. S. Wold is moving from his old home, which he has sold to Chas. Olmstead, to Chris Lever's home where he intends to stay until next fall, where he intends to take up the study of theology. Spring is coming and so are the spring goods of H. O. Wee. M. O. Rime received a large supply of clover seed last Monday. On Monday night the 30th of March there will be a temperance meeting in the hall speaking both in the Norwegian and English languages. Sophie Bergh is home from Beloit high school during vacation. C. J. Hesgard has purchased a complete drilling outfit. The machine is being run by a gasoline engine, the first of the kind in this vicinity. John Nelson has commenced laying the foundation to his new house. H. P. Wee has now taken possession of the Onsgard store, which has recently been remodeled and fixed up in the latest style, making it look very attractive and convenient. S. S. Strauss, the insurance man, is going to move his office to Janesville. C. Sagen, who sold out last spring and moved to Tennessee, has had enough of the sunny south, and last Saturday arrived in Orford again. He says Rock county is good enough for him. T. O. Wee and family are sojourning with O. F. Wee and others. Mr. Wee has rented his farm at Spring Valley Corners, and is going to move to Beloit for the benefit of his son Oscar, who is going to school in that city.

MILTON JUNCTION NEWS NOTES.

Mass Temperance Meeting To Be Held—\$1,000 Is Raised.

Milton Junction, March 26.—Quite a goodly number of the Junction people attended the temperance meeting at Milton Sunday night. Another mass meeting will be held at the Methodist church here next Sunday night. The league have got pledged one thousand dollars of the two thousand they are to raise, with which to carry on temperance work in this town. Things sold well at the auction at H. Hall's place, Friday. The Ladies' Aid society of the Seventh-Day Baptist church, are to hold a ten cent tea at Marshall Coon's Thursday afternoon. Everybody invited. Mrs. C. O. Button and daughter Allie are on the sick list. Mr. and Mrs. Owen Hughes will move to Minnesota next week. Mr. and Mrs. William Little are to move into part of Mrs. Mary Spaulding's house, it is said. Mrs. Almeron Clarke is having an addition built onto her house. Mrs. Anna McClafferty is putting a summer kitchen onto the upright part of her house. Cal. Hull has been having his house renovated, and will soon build an addition. The high school students have organized a very interesting Lyceum which meets Monday night once in two weeks. Mrs. Nola Hill is quite sick. Drs. Borden, of Milton, and Whiting, of Janesville, attend her. Miss Hoeg, of Fontana, is visiting at Charles Clarke's. Will Coon, of Eau Claire, visited his cousin, E. D. Coon, Tuesday. Mr. and Mrs. West Stockman have taken Al Vincent's place and are moving this week. Chas. Gray has shipped his goods to Luverne, Wis., and will move his family to that place this week.

PORTER SCHOOL TERM ENDED.

Exercises At the Close Were Very Interesting—Other News Notes.

Porter, March 26.—Miss Maggie

Dumphy closed a successful term of school in the Eagle district on last Saturday, with a very nice program

Numerous visitors were in attendance, and the scholars all did well. Fanny Dooley had the honor of being neither absent nor tardy during the term of seventy-eight days. Miss Dumphy will spend the vacation at her home near Albany, but expects to resume work here again on April 6. Stephen Dooley is ill of lung fever, Dr. McChester of Edgerton is in attendance. Messrs. Frank and Bert Montgomery attended the funeral of their uncle in Evansville on Sunday. Mrs. John Hendrick is reported quite ill. A number of our T. A. & B. society people spent Sunday in Edgerton. Mr. and Mrs. Bernie Farrington spent Sunday the guests of the latter near Edgerton. A Rockdale gentleman, who is general manager of a number of creameries, was looking into the interests of the Eagle factory, the first of the week. Mr. and Mrs. Will Kennedy of the town of Janesville, were welcome visitors at the latter's parental home here, on Sunday of last week. Mr. Blish of Whitewater was here last week on business pertaining to monuments. Jens Jensen does not move on the Will Nichols farm as was reported last week, but will stay on Mrs. Jane Fessenden's place, the same he occupied last year. Thomas Dumphy of Evansville was a visitor on Saturday. Mr. and Mrs. Loughran, who have had such poor health are reported better.

COMMON COUNCIL PROCEEDINGS

(Continued From Page 2.)

other motives than arriving at the cost of the works. He recommended that the attorneys, other than the city attorney be dismissed, and let the committee act with City Attorney McElroy. There had been no bill of the expense of the suit submitted as he understood it, and he was in favor of saving any money that could be saved, and at the same time solve the problem.

"And I am just a little afraid," he said in closing, "that while the attorneys have not succeeded in getting into court, that they had succeeded by a large majority in getting into the city."

McLean's Idea of It.

Alderman McLean said he thought the city attorney was busy enough with twenty damage suits in hand and he was in favor of supporting any committee that had taken the time to look into a matter that had been assigned to it to investigate.

Alderman Burnham asked about the stipulation and City Attorney McElroy stated that it had been terminated by notice from the city. He also explained that no additional expense would be incurred by allowing the suit to stand as it was.

Alderman Inman said he wanted the attorneys dismissed, not the suit. The report of the committee was then adopted, all voting aye.

Orders were then adopted as follows:

Alderman Smith—To procure bids from banks to take city money.

By Alderman Kothman—For repairs on Center street.

By Alderman McLean—For repairs on Jefferson street.

By Alderman Winslow—Directing the city engineer to establish a grade on Racine street with a twelve foot sidewalk; also build block crosswalk across south Main street, south side of Carrington street; also that the special committee on the purchase of chairs for the council chamber exchange the fourteen "dining room chairs" for the same number of swivel chairs.

By Alderman Heddles—Directing the finance committee to hire an expert to audit the books of the city treasurer.

By Alderman McLean—That an electric light be located at the corner of North and Palm streets. Referred to the gas light committee.

Sewerage Suit Threatened.

Ald. Barnham, from the committee on sewerage, said that he had several talks with the city attorney and would call on him to explain the condition of affairs.

City Attorney McElroy said that citizens had threatened to appeal to the courts if the present system is carried out. According to the plans three-fourths of the sewerage would be deposited between the two dams. There would be three places for discharge on the east side and two on the west side. The peculiar formation of the river, with the bend at the south, made it a catch basin. There was no current and there might be danger to the discharge of the sewerage into a section of that nature. It should discharge below Monterey dam. Alderman Burnham said he had interviewed a civil engineer from Chicago and he was of the opinion that a pipe could be laid in the bed of the river. He thought it was quite important that the city should start right. At the time Supt. Loweth drew the plans this water was flowing over both dams, which fact would make a material difference in the perfectness of the system. He would write to Supt. Loweth regarding the matter, as he would doubtless be more interested in the adoption of his own plans than anybody else.

On motion the council adjourned.

A DRINK FOR WOMAN.

The Latest Acquisition to the Drug Store Fountain.

The latest acquisition to the row of long-necked bottles at the drug store fountain is marked "orange flower syrup." This is pure extract of orange blossoms and is about the most ethereal, delicious beverage when taken with three inches of cream and well charged. They call it "Hymen's wassail," the girls do, when the clerk of the fountain serves it with plenty of soda and ice shaved and piled light as snow. He recommended it as a good thing for nerves, and is always sincerely grateful when any of his patrons will give him a new recipe for some dainty drink. One of the nicest and latest of his combinations, and deservedly popular, too, is ordinary chocolate soda dashed with one teaspoonful of creme d'yllette. Everybody knows what this is, a cordial colored and flavored as if with violets, and another fashionable apothecary is earning a good name among the women by serving them, since the cold weather began, with minute cups of clear, hot, sugarless coffee, flavored with a drop or two of violet cream. He is the same man who is making himself famous by tutti-frutti ice cream soda. This is a glass of simple vanilla or chocolate cream, with a handful of small, spicy crystallized fruits thrown in before the soda is turned on—cherries, currants, shredded ginger, and the like. It costs only 5 cents more than the ordinary soda and is a favorite after-theater treat with the young man of modest means and simple tastes.

The New Woman as She Should Be.

Miss Richards, daughter of the governor of Wyoming, is an example of the new woman as she should be, in a secular field. She is her father's most efficient private secretary, and when he is called away from Cheyenne the entire affairs of the executive are left in her hands. Such is the confidence of the governor in his 19-year-old daughter. She was educated at an eastern college, understands all about housekeeping, and is equally well acquainted with the affairs of the office of the executive. Her father trusts her to prepare the most important state papers.

D. A. TAYLOR WAS SURPRISED.

Got Notice of an Honor Conferred While Here Yesterday.

While attending the meeting of the Wisconsin Pharmal Company yesterday afternoon, David A. Taylor, of Stevens Point, was treated to a surprise. DEATH OF PHILIP II.

Strange Requests of the Spanish Lord of the Armada.

At times Philip II. would discourse with Mora about his own affairs, passing from questions concerning the kingdom to his own death and burial. Several days before he died he instructed the friar who had the key of the royal vault to look secretly at his father's coffin, to measure it, and to open it and see how the late Emperor Charles V. had been laid, as he desired to be laid in the same manner. He then inquired from Don Juan Ruiz de Velasco for the crucifix and some candles of Our Lady of Montserrat, which years previously he had shown to him. The crucifix was found in the box with the candles and the scourge Charles V. had used. The crucifix was now hung inside the bed curtains close to Philip's head. As to the candles, he instructed Don Fernando de Toledo to give him one with the crucifix just before he expired. His next curious command was that his coffin should be brought for him to see. The wood of which this was made has a rather remarkable history.

The beams from which the planks were cut had formed the keel of a great Portuguese galleon, the Cinco Chagas, or Five Wounds of the Redeemer. Twenty years before, this keel of the stranded vessel had been left lying abandoned on the sands at Lisbon, and Philip ordered this piece of timber to be brought to the Escorial, which was effected with much labor and a very heavy outlay of money. From this log the great cross was made that crowns the high altar in the Escorial, and on this is the crucifix of gilt bronze, which is over seven feet long. The tree from which this log was cut is, says Siguenza, called the Tree of Paradise, or in its own habitat in the East Indies, Angeli. A large piece of this timber was still left after the coffin was constructed, and lay, in Siguenza's time, at the entrance of the building. The coffin was lined inside, by Philip's desire, with white satin and covered outside with black cloth set in gold, having a cross of crimson satin, all the nails being gilt. He went carefully into the various minutiae of its appointments.

THE question is not whether it will please us, but whether it will pay you to give us your trade. It is the trade of keen buyers that we seek, and our cash prices are named with that object. Lowell Hardware Co.

A RELIC OF THE PAST.

Surgical Operations for the Cure of Piles and Rectal Diseases

NO LONGER NECESSARY.

A Medical Discovery Which Will Change the Treatment of All Such Diseases.

It has long been thought not only by some physicians but by the people in general that the common, painful and exceedingly annoying trouble, piles, was practically incurable by any other means than a surgical operation, and this belief has been the cause of years of needless suffering because of the natural dread of surgical operations.

There are many salves, ointments and similar remedies on the market which afford some relief in cases of piles, but the Pyramid Pile Cure is the only preparation so far introduced that can be reliably depended upon to cure to stay cured, every form of itching, bleeding or protruding piles.

Mrs. M. C. Hinkley of 601 Mississippi St., Indianapolis, was told by her physicians that nothing but a surgical operation costing between seven and eight hundred dollars could cure her as she had suffered for 15 years, yet even in such a case as hers the Pyramid Pile Cure accomplished a complete cure. She says: "I knew an operation would be death to me and tried the Pyramid with very little hope and it is not to be wondered at that I am so enthusiastic in its praise."

Major Dean of Columbus, Ohio, says he suffered for 40 years from piles and 30 years from itching piles and in his case two packages of the Pyramid cured him.

Mr. D. E. Reed of South Lyons, Mich., says I would not take \$500 and be placed back where I was before I used the Pyramid Pile Cure. I suffered 15 years and it is now eighteen months since I used it and the slightest trace of the trouble has returned.

The Pyramid Pile Cure is sold by nearly all druggists at 50 cents and \$1 per package and as it contains no opium, cocaine or other poisonous drug can be used with perfect safety.

No one need suffer from piles in any form who will give this excellent remedy a trial. Made by the Pyramid Co., Albion, Mich. Any druggist can get it for you.

COUGHS AND COLDS.

ELY'S PINEOLA BAISAM is a sure remedy for coughs, colds, sore throat and for asthma. It soothes quickly, it shames the cough, and renders expectoration easy.

It will invariably derive benefit from its use. Many who suppose their case to be consumption are only suffering from a chronic cold or deep seated cough, often aggravated by catarrh. For catarrhus Ely's Cream Balm. Both remedies are pleasant to use. Ely's Balm, 50c; Ely's Pineola Balm, 25c. Sold by druggists. ELY BROTHERS, 56 Warren St., New York.

Good Woman, just think a moment.

FIGURES and facts are serious things, but it is necessary to consider them.

ROYAL BAKING POWDER is shown by the U. S. Government tests to yield 160.6 cubic inches of leavening gas per oz.

The alum powders were shown to yield about 60 cubic inches.

Is it not economy to use the ROYAL, even though the alum powders do cost but half as much?

Again, ROYAL is a pure cream of tartar baking powder, recommended by health officers and physicians generally because of the healthful qualities it actually imparts to the food.

Alum baking powders are condemned by physicians and boards of health as unwholesome. Their continued use will eventually cause serious digestive troubles.

Therefore, cost aside, is it not imperative, the actual wholesomeness of the food being at stake, that you should stubbornly reject the injurious and employ the healthful agent?

Whenever baking powders are sold, either wholesale or retail, at a lower price than "Royal," reject them. They are almost invariably made from alum, and therefore inferior and dangerous to health.

There is both health and economy in the use of the ROYAL BAKING POWDER.

ROYAL BAKING POWDER CO., 106 WALL ST., NEW-YORK.

POKER IN BACK BAY.

Fashionable Bostonians Have Gone Crazy Over the Great American Game.

From the Boston Herald: Very few people outside certain circles of the Back Bay have any conception of the extent to which poker playing is carried in that section. The whole locality is divided into "sets," and it is customary for each one to hold a session at his or her house nearly every night in the week. The usual hour for beginning to play is 8 o'clock, and it is customary for the ladies to dress for the occasion, while the gentlemen not infrequently array themselves in full evening costume. The standard limit is 10 cents, one reason for making it so small being that the conscientious shall not feel that they are gambling. Generally there are three hours of play, after which the hostess asks her guests to a light repast, consisting of sardines, crackers, cheese and sweet meats. Bottled beer is the favorite beverage, but there are instances on record where something stronger has been indulged in. A great many society people of both sexes drink rum punch, lemonade dashed with whisky and plain gin. The usual time devoted to refreshments is fifteen minutes, as all are anxious to get at the cards again.

It frequently happens that seven and eight players are present at a sitting, and when everybody "stays" the cards fall short, which necessitates gathering up the "dead wood" and filling out the hands from it. There is a well-grounded

superstition that these discards have been robbed of everything of value and that to draw from them is equivalent to throwing the chips into a red-hot stove. To in a measure meet these exigencies eleven and twelve spot cards have been added, making the pack consist of sixty cards instead of fifty-two.

Another innovation is the "ringdoodle." A ringdoodle is declared when a hand has been called and fours are shown. Then follows a round of jack-pots, the holder of the winning hand starting them. Blue chips are put up to correspond with the number of players. Of course a round of jack pots would be equivalent to a ringdoodle, but it comes easier to some players to pay on the installment plan. Then a regular round of jacks is declared when a full hand is shown. Two are never allowed to play in the modern game, no matter how good their hands may be. A jack pot always follows. There are also buck jacks and jacks on the slightest provocation. It has now become the custom to make a discount of one red chip for every jack pot. When the time has crept on toward midnight the keeper of the kitty announces that a round of consolation jacks will be played. The chips are divided into a number of piles corresponding with the number of players, and the extras are placed in the center of the table with the individual contributions.

THE "Lyonnettes" cigars are union made.

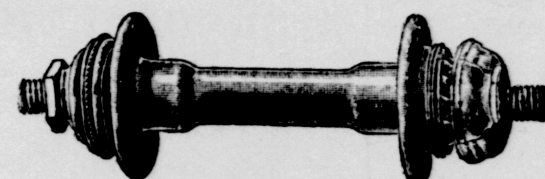

WOULD YOU BUY A HORSE

Without examining every point about him? Neither would you buy a bicycle without knowing that it was far superior to others. The THISTLE will stand the test. 1516—Conrad Gesner, Swiss scholar and naturalist, born; died 1565.
1726—Sir John Vanbrugh, English architect and dramatist, died; born 1666.
1813—Thomas West Sherman, soldier, born in Newport, R. I.; died there 1879. General Thomas Sherman may be readily confused in war histories with William Tecumseh on account of the similarity of initials. He was a West Pointer and a Mexican veteran, like his distinguished namesake. Early in the civil war he was engaged on the Atlantic coast, but later took part in the campaigns in the southwest, the scene of triumphs which made Tecumseh's fame.
1857—John Mitchell Kemble, English scholar, especially in Anglo-Saxon, died; born 1807.
1872—Earthquake in California; shocks continued several days; 30 killed, 100 injured.
1883—General Anson Stager, a chief in the Union war telegraph corps, died; born 1829.
1894—General Alfred Holt Colquitt, senator from Georgia and a prominent ex-Confederate, died in Washington; born 1834. Commander Verney Lovett Cameron, the noted African traveler, died in England; born 1844.

BLOOMERS AND BIBLE.

Mr. Catlin Finds That Deuteronomy Forbids Women to Wear Trousers.
New York Sun: James Catlin, a leading member of the Grace Methodist Church in Tonnele avenue, Jersey City, made an address on Sunday condemning women who wear bloomers. He said that bloomers were an abomination in the sight of God and man, and that the wearing of them was a direct violation of the commands of the Almighty. Mr. Catlin quoted scripture in support of his opinion. He read from Deuteronomy, chapter 22, verse 5.
"The woman shall not wear that which pertains to a man, neither shall a man put on a woman's garment, for all that do so are abomination unto the Lord thy God."
"That," said Mr. Catlin, "is enough to condemn all the women, young and old, who ride up and down the street with trousers on."
Mr. Catlin's remarks created a sensation, as many of the young women who attend the church are bicyclists, although, so far as is known, none of them wears bloomers.

Prohibitionists Adopt a Button.
Pittsburg, Pa., March 26.—The executive committee of the national prohibition party met here Wednesday to arrange the details for the national convention, which meets in this city in May to name presidential candidates. The chairman stated that satisfactory arrangements have been made for the transportation of the delegates by the different railroad companies. A button, consisting of a blue field with a white rose in the center, and the word "Prohibition" at the top in white letters and the motto "In Hoc Signo Vinces" at the bottom, was adopted as the official emblem of the party. The committee will meet again in Pittsburg on May 26, just prior to the opening of the convention.

Indiana Judge Critically Ill.
Evansville, Ind., March 26.—Lawyer William H. Gudgel, prominent in southern Indiana politics, and candidate for Circuit judge before the republican convention, is critically ill, the result of being struck on the head with a brick by Frank Behme, a young man. Behme is in jail, charged with intent to murder.

For Operations in Africa.
Rome March 26.—The senate, by a vote of 169 to 6, has adopted the credit asked by the government for contemplated operations in Africa consequent upon the defeat of the Italian army at Adowa. The amount of the credit is 140,000,000 lire.

Treasurer Short \$40,000.
Lincoln, Neb., March 26.—State Examiner Fodrea has completed an examination of the country treasury, and as a result of his report to the county commissioners Treasurer Maxey Cobb stands charged with a shortage of nearly \$40,000. The treasurer says he has ample security, and if not pressed he will meet the shortage before his term expires.

Is a Play of Blue Grass Flavor.
"In old Kentucky," the play which introduced that capital musical organization, the famous "Pickaninny Band" and other distinct novelties to the stage, will be at the Myers Grand Friday night. While local play-goers are inclined to rely upon their own judgments as to the merits of a play, it is not out of place to state that "In Old Kentucky" enjoyed the reputation of having achieved greater success than any other American play of this generation. It treats of Kentucky life as it actually exists and has the true Blue Grass flavor permeating every scene and situation. The faithful reproduction of a famous race on the celebrated Lexington track, participated in by five Kentucky thoroughbreds is a prominent feature of the play.

Cullom Will Not Withdraw.
Washington, March 26.—The members of the Illinois congressional delegation who favor Maj. McKinley as a presidential candidate are using Senator Davis' letter of withdrawal in their arguments to induce Senator Cullom to do likewise. But the latter has consistently met the demands with the statement that he is in the hands of his friends, and that he did not go into the fight voluntarily, and that he will stay in the race as long as they want him.

Either a Murder or Suicide.
Philadelphia, Pa., March 26.—There is little doubt that Annie McGrath, the girl who was found dead at 2926 Girard avenue on Monday night, was either killed as the result of a plan for double suicide with Samuel P. Langdon, the wealthy coal operator, or that she alone committed suicide. The evidence thus far adduced points almost conclusively to the theory that Langdon took her life and then attempted to commit suicide, but forsook this purpose and fled from the house.

HARVEST OF DEATH FOR A SINGLE DAY

**HORACE G. HAMILTON CALLED
TO REST.**

Was One of the Early Settlers of the County—Demise of Abraham Kern, of Fulton—Funeral of Hon. Daniel Johnson—Rev. E. M. Dunn Is No More.

Horace G. Hamilton, one of Rock county's pioneers, died yesterday, in his eighty-seventh year of age at his home in Milton. He came to this county in 1842 and settled in the town of Milton. He leaves a wife and three children, Major E. M. Hamilton of New York city; Goodell Foster of Independence, Kansas, and Mrs. Charles Goodrich of Milton.

Mr. Hamilton was a carpenter by trade, although he had followed the occupation of a farmer for many years. He had held the office of assessor and justice of the peace, and was known as an efficient officer. In his earlier days he affiliated with the Whigs, but later joined the republican ranks. He voted for William Henry Harrison in 1836 and 1840 and in 1888 cast his ballot for the grandson, Benjamin Harrison. He was a member of the Seventh Day Baptist church.

Abraham Kern.

Abraham Kern, of Fulton, died yesterday at 10 a. m. at his home from paralysis, this being the second stroke within the last year and a half. Mr. Kern was born and brought up in Wayne Co., N. Y., where he learned the trade of wagon making at Newark. Here he was married and from there emigrated in about 1845 to Cottage Grove, Dane county, where he married a few years after. Selling his farm there he removed to Fulton carrying on a shop for a time. Then he bought the farm where he died leaving a competence to care for his widow who survives. She has been an invalid for many years, her malady amounting at times at least, to loss of her mind. His two daughters, accomplished and educated at the Rockford college, both preceded him to the world beyond. Through all these almost unparalleled trials a Christian faith sustained him. In 1849 he united with the Presbyterian church at Newark, New York, at Cottage Grove with the Presbyterian church there; at Fulton with the Congregational church to the close of life. He was a consistent Christian—one of those who disarms criticism. His memory will be cherished by all who knew him. The church at Fulton loses one of its chief supporters; the community one it can ill afford to lose, for there were few like him. It can be truly said of him, "what is his irreparable loss is his eternal gain."

Funeral of Daniel Johnson.

The funeral of Hon. Daniel Johnson was held at the late home in Janesville this afternoon and the remains of the sturdy pioneer and many an were laid to rest in the village cemetery. Seventeen members of the local Commandery, No. 2, Knights of Templar of which Mr. Johnson was a member, attended the funeral this afternoon, leaving on the 10:50 train this morning. The delegation included the following Sir Knights:

D. McGowan, James Shearer,
Henry Rogers, C. E. Ranous,
B. Conrad, M. Ehringer,
A. Bennett, F. B. Strickler,
H. Baack, A. S. Lee,
H. Ascraft, Jr., R. C. Yeomans,
John Peters, C. E. Church,
J. Tripp, O. F. Nowlan,
B. F. Crosssett.

Rev. E. M. Dunn.

Rev. E. M. Dunn, for twenty years pastor of the Milton Seventh Day Baptist church died yesterday morning after an illness of two months. He had also filled the position of professor of Greek and mental and moral philosophy for three years in Milton college and was a member of board of trustees. He leaves a wife and three children, Clara M., wife of J. Nelson Humphrey of Watertown Normal school; Alexander C., of Omaha and Mrs. H. Lewis of Oak Hills of Chicago.

Funeral of Mrs. Ebbetts.

The remains of Mrs. Ebbetts will arrive from Milwaukee, over the Northwestern road tomorrow afternoon at 15 o'clock and then be taken direct to Oak Hill cemetery where funeral services will be conducted by the Rev. H. Wotton of Trinity church. The funeral at Milwaukee will be held at the home of her son, on Prospect av-

AMENDS THE BURNHAM PLAN.

Wm. Horne, Democrat, Has a Word or Two to Say.

TO THE EDITOR.—Judging by the long tirade of the Recorder, we are Moses come to us. Well, indeed, he is—very much—needed Moses, indeed. As an old citizen and a fairly tax payer, I wish to say that resolution offered to the city council by Ald. Burnham is one long need. I look upon this resolution as well timed and one that every honest man must much appreciate. Editor, in my mind, Ald. Burnham's resolution is one of the sound-

est, and also one of the most vital to tax payers that ever appeared in the city council of Janesville. and I am a Democrat. As a fairly young man Mr. Burnham has shown good sound executive ability and a desire to help the tax payers. The very opposition to such a measure as proposed by "B." is in my mind and the mind of every honest man, suspicious, to say the least. There certainly is nothing to red tape, or study about. There is no ambiguity in the resolution. It is a simple, plain measure, and as such should be fully endorsed by every honest man in the city.

HIGH SCHOOL PAPER WARMLY PRAISED

**PRESS OF THE STATE SPEAK
OF THE ISSUE.**

Incidentally Some of Them Say a Good Word For The Gazette—Edition Attracted Much Attention and Was an Excellent Advertisement For the City—What They Say.

The Gazette has received many compliments on the "High School edition" issued last Saturday. Some Janesville people sent in their congratulations over the telephone and my mail, and others delivered them in person. But not only did the people appreciate it, for the edition attracted much attention in the newspaper offices of the state. That the edition was an excellent advertisement for the city, cannot be questioned, as the new High school is famed as about the most complete in the state, and the people were anxious to learn more about it. The following notices appeared in the different papers about the state, and The Gazette reproduces them with a blush of pride:

Credit to Publishers and City.

The Rockford Register-Gazette—The Janesville Gazette's high school edition issued Saturday evening was one of the most creditable numbers that enterprising, newsy paper has ever gotten up. It contained a great amount of information regarding the schools of Janesville and their work, from their inception to the present time, and it was well set off with handsome half-tone illustrations. It was a fine advertisement for the Bower City, and the people there should appreciate such strokes of enterprise. In fact, The Gazette is good every day in the year, and a great credit to its publishers and the city.

Finest Yet Issued Here.

The Fond du Lac Commonwealth—The issue of The Janesville Gazette of Saturday was a "high school edition." Besides the regular impression of the paper containing eight pages of news and so on, there were eight pages printed on calendar paper, giving a history of the high school and illustrating its various departments and officers and ex-officers of the school by first class half-tones. This edition of The Gazette is, by all odds, the finest ever issued by that paper—in fact the best the city ever produced. The edition is a credit to everyone who had anything to do with it.

Was Very Interesting.

Evansville Tribune—The Janesville Gazette issued a special High School edition, on Saturday last, which is very interesting. It is richly illustrated with cuts of the various compartments in the building, and of the teachers, giving a full description of the studies pursued by the various classes, and gives also a write-up of most of the business firms of Janesville.

Was Highly Illustrated.

The Marinette Daily Eagle—The "high school edition" of the Janesville Gazette last Saturday consisted of 16 pages, eight of which were on plate paper, highly illustrated with half tone cuts. A history of the school was given and the different departments illustrated. The edition was highly creditable to the publishers. The Gazette is about to put in a new fast Cottrell press like the Eagle is printed on.

Makes a Good Showing.

The La Crosse Republican and Leader—The Janesville Gazette issued a high school edition on Saturday, which is a most creditable production. A description of the high school building is given. The illustrations are excellent and the letter press is fine. It makes a very good showing of Janesville's educational interests.

Any City Might Be Proud.

The Milwaukee Evening Wisconsin—The Janesville Gazette of last Saturday was a high school edition, consisting of sixteen pages, printed on book paper and illustrated with "half tones." The new Janesville high school is an institution of which any city in the state, not exceeding Milwaukee, might well be proud.

Does Honor To the City.

The La Crosse Daily Press—The Janesville Gazette of Saturday was a sixteen-page affair devoted to the interests of the local high school. The advantages of the institution are finely set forth with descriptions and illustrations, and the effect is one which does credit to The Gazette, its bustling city and the school.

Model of Fine Newspaper Work.

The Green Bay Gazette—The "High School" edition so-called, put out by The Janesville Gazette in honor of the completion of the new Janesville High School building, is in all respects a model of fine newspaper work and distinctly a credit to the Janesville Gazette office.

An Attractive Edition.

The Beloit Daily News—The Janesville Gazette issued an attractive high school edition Saturday. It was a 16 pages and conveyed much information about the Bower City's handsome educational edifice. A dozen or more excellent half tone cuts were displayed.

Used Fine Illustrations.

The Kenosha Evening Gazette—The Janesville Gazette last Saturday published a special High school edition, with numerous illustrations of the exterior and interior of the schools,

portraits of teachers, members of the school boards, &c.

Replete With Information.

The Rockford Morning Star—The Janesville Gazette issued a very creditable high school edition Saturday. It was highly illustrated and replete with information of Janesville's justly famed high school.

Finely Illustrated Illustration.

ALL GET A CHART ON WHICH TO WORK

**NEW RULE ADOPTED AT THE
Y. M. C. A. "GYMN."**

Director Dixon Will Show Each Member Just What Exercise Is Best Adapted to His Needs and What Part of the Body Needs "Building Up."

Are you looking for the gate opening into the road to health? If so go up to the Y. M. C. A. building, and if you do not find it, make your peace with men.

Physical Director Dixon goes at the work of building up sound bodies, hard muscles, and healthy circulations in a business-like manner, and he will put his plan into operation tomorrow morning. Under its provisions each person, before undertaking the gymnasium work, will be subjected to an examination and given a chart setting forth his physical proportions so that he may know exactly what parts of the body need "building up." During the next four weeks this work in the "gym" will be popular, but after that time, it is said, outdoor sports will occupy the attention of the members. Throughout the hot summer months no work will be done in the gymnasium. The charts to be used by Director Dixon will give the following measurements of each candidate, both as they are and as they should be, in proportion to the height of the person:

The Body—height, weight and height sitting.

Girths—Head, neck, chest repose, chest expanded, belly, hips, thigh, calf, upper right contracted, upper right relaxed and shoulder.

Breadths—Shoulder, head and stretch of arm.

Capacity—dip, pull and capacity of lungs.

Incline hand and lungs.

Director Dixon says physical culture is the universal cure and preventative, and that "doctors recommend it."

TOMORROW we will show you the largest line of spring garments ever in Janesville. Bort, Bailey & Co.

SMITHS' PHARMACY.

Theory and Practice.

Mistress—Nervy on me, what a kitchen! Every pot, pan and dish is dirty, the table looks like a junk shop, and—why, it will take you a week to get things cleaned up? What have you been doing?

Servant—Sure, mum, the young ladies has just been down here showing me how they roast a potato at the cooking-school.—N. Y. Weekly.

Wise Precaution.

Maudie—Isn't that new process of photographing through solid substances wonderful? How I do wish I could get a photograph of Algy's brain.

Belle—Why, do you think there is anything serious the matter with his brain?

Maudie—No, but I want to be sure he has one, you know.—Detroit Free Press.

Society Note.

Mrs. Clamhopper was paying Mrs. Yerger a visit. When the former got up to go the latter insisted on accompanying her to the front door.

"Don't put yourself to the trouble," said Mrs. Clamhopper.

"Don't talk of it being a trouble. On the contrary, it is a pleasure to me," replied Mrs. Yerger.—Texas Sittings.

The Ones Who Suffer.

"One has to undergo a great deal to secure a musical education," remarked the young woman who hopes some day to be a prima donna.

"But one's neighbors have to undergo a great deal more," suggested the young man from the next flat.—Chicago Evening Post.

Two Views.

"I think a woman looks horrid with her mouth filled with chewing gum," growled the hopeless bachelor.

"Yes," cheerfully assented the married man; "but just think how much she can't talk when she is that way."

The hopeless bachelor hadn't thought of that.—N. Y. Recorder.

Might Make a Good Husband.

Father—That young man who loves you telegraphed me for your hand the other day.

Daughter—What have you done about it?

"I've been thinking it over. He told me to answer at my expense."—Town Topics.

A Veto.

"Charlie," said Mrs. Newbride, "mamma and the girls are coming to spend a month with us."

"Not if I know it. When we were engaged you insisted upon my loving you for yourself alone. I want you that way," replied the ingenious benedict.—Harper's Bazar.

Goes on Forever.

"Who generally gets the last word when one of your conventions gets into an argument?"

And the lady orator looked pityingly at the masculine inquirer, and answered:

"There isn't any last word."—Washington Star.

Psychic Phenomenon Vouched for by a Confirmed Old Bachelor.

From the Washington Star: "Four or five years ago," said a bachelor in conversation with a reporter, "I had a sweetheart that I was deeply in love with, and wanted to marry, but I was afraid to ask her. At that time I was making a study of psychic phenomena and that sort of thing and it occurred to me to make a psychical proposal by projecting my subjective mind around the corner to where the girl lived and fixing it up all ready for me when I should take my objective mind around to have the affair ratified. I went to see her Thursday evening and felt sure that if I asked her I would get her, notwithstanding she was about equally interested in a friend of mine, whom I shall call George. Having doubts as to my courage I determined to make a test the next evening, instead of going to see her, so I retired early, that is, about 9 o'clock and, according to formula, I exerted my mental faculties to their utmost and directed all my mental energies upon the girl and willed with all my power that she accept me. For half an hour, fully, I shut out every thought but this important one, and went to sleep, or into a trance, under the mental strain. I awoke an hour or two later and felt that my efforts had been a success, and that it would be all right next day when I called. I felt so encouraged that I went to sleep and dreamed beautiful dreams of her till morning. At 3 o'clock next afternoon I called to make my real proposal. I talked to her on some trivial subject or other for half an hour and then came to the all-important matter.

"Did you feel any peculiar mental or emotional sensations last evening?" I asked.

"She blushed violently and I was sure that my subjective proposal had hit center.

"How did you know anything about it?" she replied, laughing somewhat nervously.

"Oh, that's all right," I smiled triumphantly. "What time did it occur?"

"Really, I don't know, but it must have been about 9:30. I remember that I thought it odd that the clock should strike just as it happened."

"Wasn't it remarkable?"

"I was coming to it by degrees and wanted to see just where I was.

"No I don't think it was," she answered indignantly. "George has always loved me and his proposal last night was quite what I expected. We are to be married in June."

FIELD AND THE KISS.

How Genial 'Gene Described Emma Abbott's Mode of Osculation.

Eugene Field was a great admirer of Emma Abbott, and many have given him the credit for "discovering" her, says the Hartford Times. He always said nice things about her whenever she came, wrote verse to the fair Emma in Kansas City, when Field was then engaged on the Times, and "jollied" the company as only a humorist can.

In January, 1880, Emma Abbott played a week's engagement. One night she gave "Paul and Virginia." William Castle was the tenor. In this opera occurs a kissing scene and the manner in which Emma passed through the ordeal delighted the heart of Mr. Field so much that the following Sunday, as a part of a four-column tribute to the singer, appeared this expansive description:

"Aha, that kiss—that long, low, languishing, limpid, liquid, lingering kiss! 'Twas not a tender kiss, nor a studied kiss, nor an artistic kiss, nor a fervent kiss, nor a boisterous kiss, nor a paroxysmal kiss, nor a nervous kiss, nor a fraternal kiss, nor a gingerly kiss, nor a diffuse kiss, nor a concentrated kiss, nor a diffident kiss, nor a pop-gun kiss—'twas a calm, holy, ecstatic outbreathing of two fond and trusting hearts, an intermingling of two gentle souls sanctified by love, a communion of the intangible by tangible means, a blending of earth with heaven, in which the latter had a manifest preponderance. 'Twas such a kiss as Troilus, stealing by night into the Trojan camp, might have breathed on Cressida's maiden lip, to the melody of the joyful nightingale that sung of love, and in the sheen of the round, red moon and the stars that see but never tell."

If there is another description of a kiss that will outrank this it is not known in Kansas City. After the departure of Abbott the "Abbott kiss" was a standard expression.

Egg Timbale.

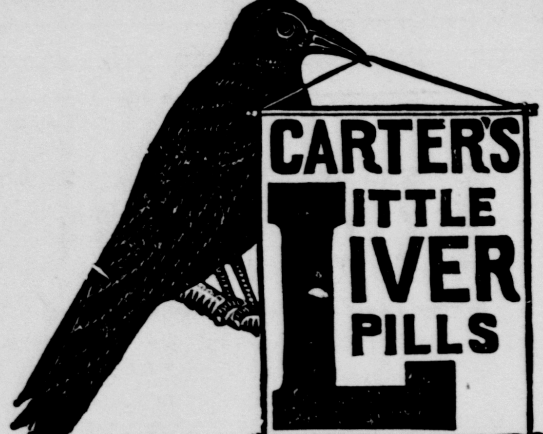

Beat six eggs without separating. Add to them half cup of thick cream, a half teaspoonful of salt, a saltspoon of pepper. Grease ordinary custard-cups, pour in the mixture, stand in a pan of boiling water, and cook in the oven slowly until timbales are "set" in the center. Turn into a heated dish, and pour around cream sauce.—Household News.

Attacked by a Bird.

An English lad was recently savagely attacked near Newbury by a Norwegian bird known as the black-haired duck, which measured over a yard and a half across the wings. A man rushed to the boy's assistance and killed the bird, which is supposed to have been blown inland during the gales.

Like a Child.

Creditor (roughly): "Say, when are you going to pay me that bill?" Doctor (genially): "My friend, you put me in mind of a little child." Creditor: "I do, do I? Why?" Doctor: "Because a little child can ask questions that the wisest man cannot answer."

HO! FOR MISSOURI.

There is certain to be a decided activity in the sale of Missouri farms this year. During the last six months inquiry for improved farms in Missouri has been greater than ever before. There is no part of the West where more inviting prospects abound for the farmer, and but for the hard times all over the country there would be an actual boom in Missouri. The farmer who is looking for perpetual summer and never failing deposits of moisture, and other Eden-like conditions, which everybody would like to have, will search in vain for those conditions, but if he will stop in Missouri and settle down to business he can approach nearer to his ideal than he can anywhere else in the Union. It has been the experience of Missouri farmers, that they have had as many blessings of Nature and as great a degree of prosperity as those of any other section of our great country. Missouri no longer turns the cold shoulder to home seekers. There is not a nook or corner of the state where the security of property, now, is not as well assured as in any other state in our land. Taxes are generally very low, and very much lower than they are in Wisconsin. Political opinions are no bar to the enjoyment of every right of citizenship. Sure crops, ample transportation for all products of the soil, convenient markets, cheap fuel, mild climate, abundance of timber of all kinds, pure water, nutritious grasses, blue grass pastures, and above all her vast crops of all kinds of fruits are among the advantages to the farmer. No state or locality leads MISSOURI in the production of fine fruits. Not even France or Spain, with their vast vineyards, have any advantages over Missouri in fruit-growing. In four years' time we have sold over \$300,000 worth of improved farms in Missouri. We are now prepared to sell improved farms, in thickly settled locations with lands as good as any in Wisconsin, at from \$20 to \$40 per acre. We can furnish excursion rates to Macon, Mo.

We have A MOST BEAUTIFUL FARM of 800 acres right at a station of 3000 inhabitants on the Santa Fe railway, in Lin Co., for sale at \$35 per acre. The buildings and improvements on this farm cost over \$12,000. Can give time on two-thirds of price at six per cent. interest.

THEY SAY !

That a man talks about the weather because he can't think of anything else to talk about. That's about the case with the man who has always been going to the tailor for his Clothes.

He Pays About 40 Per cent. Too Much,

but he don't know about any other kind of clothes. Show him a Zeigler tailored suit and you have started him off on a new line of thought. Common sense is it not, to get as much for your money as you can?

You Must Remember

that the "wholesale tailors" employ tailors; can buy the best fabrics; have straight connections with the most authoratative fashion centers, and can make a suit because they make many

**At Half
The Merchant
Tailor's Price.**

**Look
Into
This
Thing.**

Come in some day and permit us to show you what a ready-to-wear suit or spring overcoat of our tailored make is like. You never saw ready-to-put-on clothes like them, because there are none so good.

T. J. ZEIGLER.
Purveyor of Good Clothes.

OPENING

CAPE

and

JACKET

SALE.

Friday, March 27.

We shall open the cloak season with a

Great Spec'l Sale

of spring and summer wraps. We shall have here the representative of the largest Chicago cloak house. **Mr. F. F. Lewis**, representing **Joseph Beifeld & Co.**, will be with us with several hundred of the newest and latest productions in Capes and Jackets for ladies' misses' and children's spring and summer wear.

Any garment you may select will be delivered to you at the time of the sale. This will be the only complete line in the city and showing as it will the correct styles for this spring and summer. You could not spend a half hour more profitably than to come in and inspect this great showing of Spring Wraps to be offered to our customers at least

20 per cent. less

than we could possibly afford to sell them if we were obliged to buy them ourselves before they are sold.

REMEMBER:

THIS GREAT LINE WILL BE ON SALE

One day only,

FRIDAY, MARCH 27TH,

and that you can take your choice from the line of

Spring wraps
